Once again a year has passed and we are asking for your continued support. We have had a busy year with meetings among our organization as well as numerous meetings with various government officials.

We had our first information booth at the Early Bird Swap Meet in Lethbridge. Thanks to Spence Sample for donating the booth and to Ted Lobley for altering it to meet our requirements. Because of our goal to increase the visibility of the SVAA we hope to display this booth more in the future.

Despite a very professional and detailed presentation prepared and delivered by Rob Wolff and Harry Lillo, our attempt to revise the out of province inspection for antique cars was not successful. We did get clarification of the government's position on this topic and will continue to investigate ways to simplify this process for our members.

We are moving much more heavily in the direction of policy with the province initially targeting a specific and clear set of definitions addressing, for example, street rods, customs and modifieds. We will be doing a survey in the near future to determine the immediate and future needs of our membership. This survey will also include a questionnaire about our newsletter and how it should be delivered.

Due to some problems with our insurance providers we have changed agents and now have Ed Baker working with us to ensure that we are adequately covered. We are pleased to report the cost to insure our clubs as well as all officers and directors will remain the same as last year. In addition our membership fee will remain unchanged so there will no increase to the clubs for the coming year membership.

On behalf of the SVAA Board of Directors we wish you and your families a very happy holiday season.

Sincerely,
Harry Bullock

Harry Bullock
President

P.S I look forward to seeing you at our next meeting at the Lethbridge Swap Meet on February 13, 2010. An agenda, time and location will be sent out in early January.
